Empathy Map

Persona: a beginner who wants to get fit and needs a plan that suits them. The map shows what this user says, thinks, does and feels in relation to the problem FitBuddy solves.

SAYS • "I don't know where to start." • "I can't afford a personal trainer." • "This plan is too hard for me."		THINKS • Will I get injured? • Is this plan right for my age and goal? • Will I be able to stick with it?
	RIYA (Beginner Fitness User)	
DOES • Searches YouTube and blogs for routines • Copies random workouts • Stops after a week or two		FEELS • Overwhelmed by too many choices • Unsure and self-doubting • Motivated at first, then discouraged

Pains: generic plans, unsafe advice, no easy way to adapt a plan, cost of coaching. Gains: a clear day-by-day plan, safe gradual progression, quick changes based on feedback.
