

Empathy Map

Brainstorming & Ideation · AI/ML and GenAI Track

Target user: a beginner who wants to get fit but is unsure where to start.

FitBuddy - Empathy Map

Quadrant	Details
Says	"I don't know where to start." "I can't afford a trainer." "This plan is too hard for me."
Thinks	Will I get injured? Is this plan right for my body and goal? Will I stick with it?
Does	Searches YouTube and blogs, follows random routines, stops after a week or two
Feels	Overwhelmed by choices, unsure, motivated at first but easily discouraged
Pains	Generic plans, unsafe advice, no way to adapt the plan, cost of coaching
Gains	A clear day-by-day plan, safe progression, quick changes based on their feedback
