

Project Demo Planning

Project Demonstration · AI/ML and GenAI Track

Segment	Time	Content
Introduction	1 min	Problem and idea
Live demo	5 min	Generate plan, give feedback, show error handling
Architecture	2 min	Diagram and technology stack
Future plan & questions	2 min	Scalability, next steps, Q&A

Preparation checklist

- Start the server and confirm the API key and internet connection work.
- Pre-generate a plan in advance as a backup.
- Keep screenshots or a short screen recording in case the API is slow or offline.
- Prepare 2–3 sample profiles with different goals.
- Secure the admin routes before showing the admin page.
- Rehearse once as a team and assign roles.
